Type of Case being Submitted

_____ **Lack of Canonical Form** A Catholic party was married in a non-Catholic ceremony without authorization by the Catholic Church. Proven by documents and the Petitioner's testimony. The Respondent is normally contacted.

_____ **Formal Annulment** If grounds of nullity can be verified, any party, whether baptized or not, can petition. Completed Formal Petition must accompany this form, after the Petitioner has reviewed "About Annulments".

_____ **Ligamen** One party to the former marriage had been validly married previously and was thus bound to a former spouse at the time of the marriage for which an annulment is sought. Proven by documents and testimony. The Respondent is contacted.

_____ **Pauline Privilege** Neither party to the former marriage had received Christian baptism prior to or during the marriage. The Petitioner is seeking Catholic baptism and wishes to enter a new marriage with a baptized partner. Proven by testimonies of two credible witnesses regarding each non-baptized party. The Respondent is contacted.

_____ **Privilege of the Faith** Generally, one party to the former marriage had not received Christian baptism prior to or during the marriage. The Petitioner wishes to marry in the Church. The Congregation in Rome will not accept the case of a Petitioner who is the major cause of the failure of the former marriage. The intended spouse must be a baptized person who is eligible for marriage in the Church. Proven by testimonies of two witnesses regarding the non-baptized party.

_____ **Shorter Process** Both parties must consent to a shorter process and the evidence of nullity must be clearly manifest and supported by testimony or documents. This testimony must accompany the petition.

Signature and certification: I am enclosing my letter of recommendation, together with my own knowledge of the situation. I have advised the Petitioner about the approximate length of the investigation. I will offer the Petitioner my continued pastoral concern.
